Excerpt:

AUDIENCE MEMBER 1

So how exactly does the clit stretching process work?

BGF

Lots of misconceptions about this. The process does not involve physical contact. My crown gives me magic and I use the magic to stretch the nub into a little weiner with my mind. Next?

AUDIENCE MEMBER 2

How are you able to get to each person whose clit you need to stretch?

BGF

I shrink myself real tiny and crawl under the door like Rick Moranis. Again, I am here to discuss trans people in gendered sports. Any questions regarding that?

AUDIENCE MEMBER 3

Does the little weiner come with itty bitty balls?

BGF

...We're working on it.
